

SAMIA TASMIN NOVA

CSE Student | Web Development | AI/ML | Cyber security

Chittagong, Bangladesh | samiatasminnova@gmail.com | +8801893644344

LinkedIn: linkedin.com/in/samia-tasmin-nova | GitHub: github.com/SAMIA-TASMIN

PROFILE

Final-year Computer Science and Engineering student at International Islamic University Chittagong, eager to gain practical experience, enhance technical competence, and contribute meaningfully to innovative and technology-driven projects.

EDUCATION

B.Sc. in Computer Science and Engineering — International Islamic University Chittagong (IIUC) | 2022–2026 |

CGPA: 3.50/4.00 | Final Year / Outgoing Student | Thesis/Project & Field Work: Ongoing

HSC (Science) — Noapara University College, Chittagong | 2018–2020 | GPA: 4.67/5.00

TECHNICAL SKILLS

Programming: C, C++, Python, JavaScript

Web Development: HTML, CSS, Tailwind CSS, React, React Router

AI/ML: Machine Learning, Data Mining, Neural Networks, SHAP

Cybersecurity: Computer Security, Network Security Fundamentals, Web Security Fundamentals

Tools: Git, GitHub, VS Code, Google Colab, Jupyter Notebook, Figma, Netlify

SELECTED PROJECTS

Explainable and Optimized Machine Learning for Ransomware Detection & Classification: A Network Traffic Based Approach (Conference Paper)

- Developed a network-traffic-based ML approach for ransomware detection and classification.
- Applied train/validation/test splitting before SMOTENC on training data to address class imbalance and reduce leakage risk.
- Evaluated models using accuracy, precision, recall, F1-score and ROC-AUC; used SHAP for explainability.

Green Earth — Web Application

- Developed a responsive web application with campaign information, tree categories, cart/checkout UI and donation interaction.
- Live: samia-tasmin.github.io/B12A06-Green-Earth/

Pet-Care-BD — Pet Care Web Application

- Developed and deployed a pet-care-focused web application.
- Live: pet-care-bd-24d2a.web.app/
-

RELEVANT COURSEWORK

Data Structures & Algorithms • DBMS • Computer Networks • Operating Systems • Computer Security • Artificial Intelligence • Machine Learning & Data Mining • Pattern Recognition & Image Processing • Software Engineering • Theory of Computing • Computer Architecture • Compiler • Probability & Statistics

CYBERSECURITY & ETHICAL HACKING (Currently Learning)

Hands-on learning in Python-based security scripting, networking, Linux, vulnerability assessment, and penetration-testing fundamentals.

ADDITIONAL

Academic Tutor: Provide academic tutoring to secondary and higher-secondary students.

LANGUAGE PROFICIENCY

Languages: Bengali (Native, Fluent), English (Intermediate), Hindi (Communicative), Urdu (Communicative)
